"Our objectives were clear - enduring quality, practical innovative features and market leading prices. These objectives have underpinned the development of today's comprehensive range of Europa Sport RIBs and inflatable boats".

Europa Sport RIBs are hand built to exacting standards using high quality 1100 denier polyester / PVC. Boasting attractive and practical consoles and seating, large diameter tubes and plenty of storage space, Europa Sport RIB's are the first choice for family and recreational use. RIB models range from 3.3m to 7.5m

Quality and value for money are designed in to every Europa Sport with a host of features as standard. A comprehensive range of options and accessories compliments each model.

Europa Sport inflatables are available with Deep V Air Floor, Air Deck and Aluminium Floor options, ranging from 2.4m to 6m.

Europa Sport continually strives to improve its products and as such reserves the right to modify or delete any model without prior notice. Photos and descriptions are not contractual.

AIR DECK

2.4m, 2.7m, 3.2m

M270 Sport

M270 Sport

M320 Sport

EUROPA SPORT AIR DECK INFLATABLES - excellent all-rounders in the exclusive Europa Sport range of hand built inflatable boats featuring high quality 1100 denier polyester / PVC tube and Air Deck. The wide beam and large diameter tube provides a rigid, light weight hull ideal for a wide range of uses.

The air deck on Europa Sport inflatable boats offers a high performance rigid hull thanks to the combination of 3 components:

1. Air Deck - The air deck floor is a clever design with thousands of polyester threads in a crisscross pattern. When inflated to a high pressure this floor is tough and rigid yet is light and comfortable, and deflated can be stored in tight spaces.

2. Inflatable Keel - This additional air chamber situated between the floor and the hull creates a V shape giving secure, comfortable handling

characteristics.

3. Deck Brace - A brace is attached under the floor towards the front of the boat to ensure the optimum hull shape is maintained at higher speeds.

AIR V

2.7m, 3.2m

V270 *Sport*

V270 *Sport*

V320 *Sport*

EUROPA SPORT V AIR FLOOR INFLATABLES - Hand built to exacting standards using high quality 1100 denier polyester / PVC, the Deep V Air Floor is light weight and quick to inflate making it an excellent alternative to a RIB with the ability to deflate and stow in a locker or transport in the boot of the car. Large diameter 42cm tubes, over 150cm beam and CE marked to category C.

The air deck floor is a clever design with thousands of polyester threads in a crisscross pattern. When inflated to a high pressure this floor is tough and rigid yet is light and provides a comfortable ride.

All Europa Sport inflatable boats are supplied complete with oars, seat, pump, holdall, repair kit and instructions.

Features Deep V Air Floor, Fuel Tank Strap, Extended Floor Tabs, D Rings, Oars, Oar Locks, Four Carrying Handles, Life Lines, Four Grab Handles, Seat with textured non-slip finish, Self Bailer, Wide Rubbing Strake

ALUMINIUM DECK

3.0m, 3.8m, 5.5m, 6.0m

A380 Sport

A300 Sport

A380 Sport

EUROPA SPORT ALUMINIUM FLOOR INFLATABLES. Four models now available ranging from 3m to 6m. The A550-HD-Sport and A600-HD-Sport extend the Europa Sport range of hand built inflatables. Featuring high quality 1200 denier polyester / PVC, the wide beam aluminium deck and large diameter 50cm tube provides a rigid, light weight hull ideal for a wide range of challenges.

The 5.5m heavy duty A550-HD-Sport and 6m heavy duty A600-HD-Sport are among the largest, more durable and versatile inflatable boats available. With their own distinctive tube design, the A550-HD-Sport features the same red and black colour scheme as the A380-Sport, whilst the A600-HD-Sport features a green and black colour scheme.

RIB

3.3m, 3.8m

The Europa Sport R330-Sport 3.3m Rigid Inflatable Boat has been designed to suit a wide variety of leisure applications. The three lifting points, light weight and co-ordinated colour scheme make the R330-Sport the ideal sports tender.

The 3.8m version of this popular RIB has the added benefit of a bow locker with upholstered seat and deluxe jockey console with backrest, windscreen and grab rail.

Features: White GRP hull with grip pattern moulded in the deck, one way deck drain, D rings / lifting points, bow protection & roller, oar locks (not R380), 4 handles, life lines, 4 grab handles, 2 person jockey seat with lockable storage, stainless steel grab rail, wide rubbing strake.
